TPE pipe joint seals for non-pressure waste water and drainage - MATERIAL

TECHNICAL SPECIFICATION

Product characteristics

The products as specified in the table below complies to the requirements laid down in BRL 2020-1 "TPE pipe joint seals for non-pressure waste water and drainage - MATERIAL" and are part of this certificate.

Specification

Type TPE material	Nominal hardness in IRHD
TPE Evoprene [®] G6260 Black 5156	60

MARKING

The products are marked with the KOMO[®]-mark.

The following marks and indications must be provided on each product and product packaging in a clear, legible and indelible way:

- KOMO logo (or KOMO[®] word mark) with certificate number.
- name of manufacturer or the deposited trade mark;
- the year of manufacturing and preferably the quarter;
- the type of TPE in a letter code according to the nomenclature used in ISO 18064; e.g. TPE-V;

RECOMMENDATIONS FOR CUSTOMERS

Check at the time of delivery whether:

- the supplier has delivered in accordance with the agreement;
- the mark and the marking method are correct;
- the products show no visible defects as a result of transport etc.

If you should reject a product on the basis of the above, please contact:

- Mexichem Specialty Compound Ltd.
- and, if necessary,
- Kiwa Nederland B.V.

Consult the supplier's processing guidelines for the proper storage and transport methods.

CONSTRUCTION PRODUCTS REGULATIONS

If a construction product is subject to a European harmonised technical specification, the statements in this KOMO product certificate must not be used as a replacement for the CE marking on such construction product and/or for the associated obligatory Declaration of Performance.
