alphagary

Melton Mowbray, United Kingdom

We are very proud

of our site and our
Health and Safety record!

The 8th year running that we have achieved
the **RoSPA Health & Safety Award**
highlighting our commitment to the
prevention of accidents.

Sponsored by
Croner-i

2023 RoSPA Award

WINNERS!

Please don't smoke here

We'd rather die of natural causes :)

Smoking/Vaping
is only permitted
outside the site's boundaries.

Did you park your car **in reverse?**

We have a
reverse parking policy

If you missed the signs...
could you please go and move your car?

We appreciate it a lot!

It's Friday after 14:00?

Fire Alarm Tests Planned
every Friday after 14:00!

If a continuous siren goes off and lasts
more than 30 seconds,
then it is for real, not a test!

Always in **good company**

Please follow your host in attendance instructions

For your own safety, during a plant tour always stay with your host and do not wander off whilst being shown around.

Your Personal Protective Equipment (PPE) suits you great!

If you are going on a plant tour,
the required Personal Protective Equipment
(PPE) is safety footwear.

If you will be venturing off the pedestrian walkways
then you will also need a high visibility jacket,
ear defenders, and safety glasses.

Watch out! Forklifts in the wild!

Please, never cross in front of one

During any site tour,
there are forklift trucks operating.
Be aware!

Did you sign our induction form?

Enjoy your visit, then!

If you have any questions,
please ask your host

We have a purpose:
**Advance
life** around
the world.
